Debtor further authorizes Secured Party to have this Agreement or any other similar security agreement filed with the United States Patent and Trademark Office, the United States Copyright Office and/or any other appropriate federal, state or government office or in any other country.

(e) As of the date hereof, no Debtor (i) has any Trademarks, Patents or Copyrights registered, or subject to pending applications, in the United States Patent and Trademark Office or the United States Copyright Office, as applicable, or any similar office or agency in the United States, any State thereof, any political subdivision thereof or in any other country, other than those described in Exhibit A hereto, or (ii) has granted any licenses with respect to any of the Collateral or otherwise encumbered such Collateral other than as set forth in Exhibit B hereto.

(g) Secured Party may, in its Permitted Discretion, pay any amount or do any act which Debtor fails to pay or do as required hereunder or as requested by Secured Party to preserve, defend,

protect, maintain, record or enforce the Obligations, any of the Collateral, or the security interest and conditional assignment granted hereunder, including, but not limited to, all filing or recording fees, court costs, collection charges, attorneys' fees and legal expenses. (h) After Debtor has filed any application for the registration of a Trademark, Patent or Copyright with the United States Patent and Trademark Office or the United States Copyright Office, as applicable, or any similar office or agency in the United States, Debtor shall provide Secured Party prompt written notice of such action. If, after the date hereof, any Debtor shall (i) obtain any registered trademark, patent or copyright, or apply for any such registration in the United States Patent and Trademark Office or the United States Copyright Office, as applicable, or in any similar office or agency in the United States, any State thereof, any political subdivision thereof or in any other country, or (ii) become the owner of any trademark, patent or copyright registrations or applications for trademark, patent or copyright registration used in the United States or any State thereof, political subdivision thereof or in any other country, the provisions of this Agreement hereof shall automatically apply thereto. Upon the request of Secured Party, each Debtor shall promptly execute and deliver to Secured Party any and all assignments, agreements, instruments, documents and such other papers as may be requested by Secured Party to evidence the security interest in and conditional assignment of such Trademark, Patent or Copyright, as the case may be, in favor of Secured Party.

(i) Each Debtor shall render any assistance, as Secured Party shall determine is necessary in its Permitted Discretion, to Secured Party in any proceeding before the United States Patent and Trademark Office, the United States Copyright Office, any federal or state court, or any similar office or agency in the United States, any State thereof, any political subdivision thereof or in any other country, to maintain such application and registration of any Collateral as Debtor's exclusive property and to protect Secured Party's interest therein, including, without limitation, filing of renewals, affidavits of use, affidavits of incontestability and opposition, interference, and cancellation proceedings, provided that Debtor has not, in the exercise of reasonable business judgment and after consultation with and consent of Secured Party, made a decision not to maintain such application and registration of the Collateral.

(j) To Pledgor's knowledge, no material infringement or unauthorized use presently is being made of any Collateral that would have a Material Adverse Effect on the validity, priority or perfection of the security interest granted herein or the remedies of Secured Party hereunder, and otherwise, to Debtor's knowledge, no material infringement or unauthorized use presently is being made of any Collateral that would adversely affect in any material respect the fair market value of the Collateral or the benefits of this Agreement granted to Secured Party. Debtor shall promptly notify Secured Party if any Debtor (or any affiliate or Subsidiary thereof or officer or director thereof) learns of any use by any person of any term or design which infringes on any Collateral or is likely to cause confusion with any of the Collateral the effect of which would have a Material Adverse Effect. If requested by Secured Party, Debtor, at Debtor's expense, shall join with Secured Party in such action as Secured Party, in Secured Debtor, at Debtor's expense, may deem advisable for the protection of Secured Party's interest in and to the Collateral.

(k) Debtor assumes all responsibility and liability arising from the use of the Collateral and Debtor, jointly and severally, hereby indemnifies and holds Secured Party harmless from and against any claim, suit, loss, damage, or expense (including reasonable attorneys' fees and legal expenses) arising out of any alleged defect in any product manufactured, promoted, or sold by any Debtor (or any affiliate or

Subsidiary thereof) in connection with any Collateral or out of the manufacture, promotion, labeling, sale or advertisement of any such product by any Debtor (or any affiliate or Subsidiary thereof). The foregoing indemnity shall survive the payment of the Obligations (other than contingent liabilities and indemnities that survive repayment of the Loans and termination of the Commitments), the termination of this Agreement and the termination or non-renewal of the Loan Agreement.

(l) Debtor shall promptly pay Secured Party for any and all expenditures made by Secured Party pursuant to the provisions of this Agreement or for the defense, protection or enforcement of the Obligations, the Collateral, or the security interests and conditional assignment granted hereunder, including, but not limited to, all filing or recording fees, court costs, collection charges, travel expenses, and reasonable attorneys' fees and legal expenses. Such expenditures shall be payable on demand (with documentation provided), together with interest at the rate then applicable to the Obligations set forth in the Loan Agreement and shall be part of the Obligations secured hereby.

(m) Each Debtor shall deliver to Secured Party all documents, instruments and other items as may be necessary for Secured Party to file this Agreement with the United States Patent and Trademark Office and the United States Copyright Office or in any similar office or agency of the United States, any State thereof, any political subdivision thereof or in any other country in order to record its security interest granted hereby and/or in order for Secured Party to maintain, perfect, protect or renew its security interest granted hereby. If, before the Obligations are indefeasibly paid in full in cash, Debtor acquires any new Trademarks, Patents or Copyrights, or rights thereto, Debtor shall give to Secured Party prompt written notice thereof and this Agreement shall apply to any such new Trademarks, Patents or Copyrights, or rights thereto. Each Debtor shall: (i) prosecute any of its trademark, patent or copyright application at any time pending; (ii) make application for registration or issuance of all new trademarks, patents and copyrights as reasonably deemed appropriate by Debtor; (iii) preserve and maintain all rights in the Collateral except where Debtor elects not to in its reasonable business judgment; and (iv) use commercially reasonable efforts to obtain any consents, waivers or agreements necessary to enable Secured Party to exercise its remedies with respect to the Collateral. No Debtor shall abandon any material right to file a trademark, patent or copyright application nor shall any Debtor abandon any material pending trademark, patent or copyright application, or material Trademark, Patent or Copyright without the prior written consent of Secured Party. Debtor shall notify Secured Party immediately if it knows of any reason why any application, registration, or recording with respect to any Collateral may become abandoned, canceled, invalidated, avoided or avoidable. Each Debtor represents and warrants to Secured Party that the execution, delivery and performance of this Agreement by Debtor will not violate or cause a default under any of the Collateral or any agreement in connection therewith.

(o) Debtor, at its own cost, shall cooperate with Secured Party to perform all acts and execute all documents requested by Secured Party in its Permitted Discretion and prepare and file such amendments, updates, instructions or documents with the United States Patent and Trademark Office and the United States Copyright Office as is necessary to evidence, record, enforce, create, maintain and perfect or renew the security interest granted hereby or otherwise to effect fully the purposes, terms and conditions of this Agreement.

4. EVENTS OF DEFAULT

The occurrence of any one or more of the following shall constitute an "Event of Default" under this Agreement:

(a) Any Debtor shall fail to perform, observe or comply with, or otherwise be in violation, breach or default of, any covenant, obligation or agreement set forth in this Agreement and such failure

shall not be cured within the applicable period set forth herein; provided that, with respect to the covenants set forth in Article 3 (other than Sections 3(b) and 3(c) for which there shall be no cure period) Debtor shall have a fifteen (15) calendar day cure period commencing from the earlier of (i) Receipt by Debtor of written notice of such failure, breach, violation or default, and (ii) the time at which Debtor or any authorized officer thereof had actual knowledge of such failure, breach, violation or default;

(b) any representation, statement or warranty made or deemed made by any Debtor in this Agreement shall not be true and correct in all material respects or shall have been false or misleading in any material respect on the date when made or deemed to have been made (except to the extent the representation or warranty is already qualified by materiality or the phrase "Material Adverse Effect" or "Material Adverse Change," in which case it shall be true and correct in all respects and shall not be false or misleading in any respect);

(c) any Event of Default under any Loan Document shall occur and be continuing past any cure period and shall not have been waived in writing; or

(d) if prior to termination of this Agreement, this Agreement shall cease to be in full force and effect or any Lien or security interest created or granted hereunder shall cease to constitute a valid perfected first priority Lien and security interest on or assignment of the Collateral.

In any such event, Debtor shall be liable for any deficiency.

(d) In addition to the foregoing, in order to implement the assignment, sale, or other disposition of any of the Collateral pursuant to the terms hereof, Secured Party may at any time execute and deliver on behalf of any Debtor, pursuant to the authority granted in the Powers of Attorney described in Section 3(f) hereof, one or more instruments of assignment of the Collateral (or any application, registration, or recording relating thereto), in form suitable for filing, recording, or registration. Debtor agrees to pay Secured Party on demand all costs incurred in any such transfer of the Collateral, including, but not limited to, any taxes, fees, and attorneys' fees and legal expenses. Thereafter, Secured Party may apply any remaining proceeds to such of the Obligations as Secured Party may in its discretion determine. Debtor shall remain liable to Secured Party for any of the Obligations remaining unpaid after the application of such proceeds, and Debtor shall pay Secured Party on demand any such unpaid amount, together with interest at the rate then applicable to the Obligations set forth in the Loan Agreement.

(f) Each Debtor shall supply to Secured Party or to Secured Party's designee, upon request, Debtor's knowledge and expertise relating to the manufacture and sale of the products and services bearing the Collateral and Debtor's customer lists and other records relating to the Collateral and the distribution thereof.
